Update to Corporate Governance Guidelines to Formalize ESG Oversight

As stated in our Proxy Statement, Robert Half’s policy and practice is for the full Board to oversee sustainability topics related to environmental, social and governance matters (“ESG”). Effective May 1, 2024, to promote further accountability and transparency in this area, the Board amended the Company’s Corporate Governance Guidelines to formalize this oversight and clarify that it includes environmental, climate, social, human capital management and other sustainability-focused topics. The following new paragraph was added to the Guidelines.

11. ESG Oversight

Unless otherwise delegated to a committee (and set forth in the committee’s charter), the full Board is responsible for overseeing our ESG goals, policies, and initiatives as well as related risks. This includes environmental, climate, social, human capital management, and other sustainability-focused topics. The Board receives reports on these matters at least annually.
